

Inflation rate, average consumer prices

Label	Inflation rate, average consumer prices
Source	World Economic Outlook (April 2026)
Unit	Annual percent change
Dataset	WEO
Country	International
Description	The average consumer price index (CPI) is a measure of a country's average level of prices based on the cost of a typical basket of consumer goods and services in a given period. The rate of inflation is the percent change in the average CPI.
